Dear Mr. White:

The Guardian Office has reported to me that you recently dropped many backpacks filled with school supplies. On behalf of the Board of Friends of Children of Brevard, and the children we serve, I express our sincere appreciation to you and the Harris Corporation Government Communications System Division for your immediate response to our request for school supplies to help children who have been abused, neglected or abandoned. Your donation has positively impacted struggling families and the youth identified by their Guardians ad Litem as needing help.

Friends of Children of Brevard, Inc. is a non-profit charitable 501(c) 3 organization, IRS Employer Identification Number 59-3175485, and donations are tax deductible to the full extent allowed by law.

Friends of Children of Brevard meets the requests of Guardians ad Litem who have identified unmet needs of children who have been removed from their homes due to abuse, abandonment or neglect. The work the Guardians do lowers the future risk of homelessness, unemployment, incarceration, and drug and alcohol abuse for these children in crisis. Your donation served as an investment in our community and provided the volunteers who serve as Guardians ad Litem a source to provide direct support to children and families in crisis situations. Knowing the Government Communications System Division is behind their efforts to serve children who have experienced the trauma of abuse is a great source of encouragement to the volunteers in their work. Please pass our gratitude to each of the fine employees who contributed to this effort.

With the thanks of many,

Mary C. Dimel
President
