

Dear HERO,

My name is Benny Small and I am the Computer Teacher and IT Administrator at Palm Bay Academy.

I can not express how ecstatic the faculty and staff of Palm Bay Academy were when I came in with their computers, especially the ones who were lucky enough to get the laptops they had been looking for and needing for a VERY long time. We are extremely grateful for what we got... and the other teachers on the list are crossing their fingers that they will be able to get their own on the next trip to you.

I did not expect it to be so easy for us to get what the school needed, but your staff made it very easy for us. Especially Gail Sullivan, she made sure that we got what we needed, and the rest of the staff made sure that we all got the help we needed.

The heart of a HERO knows no bounds... and so from the bottom of OUR hearts.. we thank YOU. :)

Please keep doing what you do. You are deeply appreciated.

Sincerely,
Benny Small
Palm Bay Academy
Computer Teacher/IT Administrator.
