

HERO Distribution this past 10/17/09

Thank you for our “**Christmas in October**”; we had such a wonderful time shopping in your “**wonderland of treasures**”. We spent the rest of the day Saturday arranging and rearranging all of our treasures. We feel so special, we are always the last on the list to receive (if ever). We really do appreciate the opportunity you gave us to be able to enjoy the simple things like having a file cabinet that slides open easily without having a secret bump, kick or lift to get it to open for you. We felt like kids in a candy store. The chairs are the bomb; we feel like executives. We now have chairs with arm rests and they stay in the same position all day long. They don't gradually go down as the day progresses. The office staff is always the last on the list to receive anything new. Usually only if it's broken and can't be repaired. We came back with all our treasures; and everyone was so jealous!!!! We had a parade through our offices to display our treasures. They all wanted to know how and where we got everything. We told them our HERO was Harris and the wonderful people that gave their Saturday and gracious time to bring a lot of smiles to adult (kids). So since you are open again this Saturday; we may bring some new bee's. Will there be any new items or mainly what was not taken this past Saturday?

Thank you again, we feel so very special, thanks to our HARRIS HERO'S.

Sincerely, Margaret Knowles, Clerk PBHS
