

## **HERO Backpack Needs & Distribution**

I simply cannot express in words our gratitude for the recent HERO Backpack donation. We have always been supported by Harris and its employees... between the furniture/office supply donations and the backpack drive, we serve MANY of our students through that generosity. As the boundaries changed, we knew we were looking at a significant increase in student needs but this year seemed to top all the prior years. The donation of the 120 backpacks will truly make a HUGE difference for our students in need.

On behalf of my school, the administration, faculty, staff, the students and their families...

**THANK YOU VERY MUCH!**
